Test Administrator:

Complete information below with your local School or District Test Coordinator. If you have any questions or issues during testing contact this person **immediately**.

School or District Test Coordinator contact information during testing:

District/School Test Coordinator: _____

Contact phone #: _____

Email: _____

Reminders for Test Administrators during CBT testing:

Once students start a test session:

- The test session must be completed on the same day.
- Student cannot start a new test session until the previous test session is submitted.
- Do not approve students for more than one test at a time.

Test session closes during testing:

- Open new test session and have students sign back in.

If student is approved for wrong test session (example: Reading Part 2 instead of Reading Part 1) and TA approves student to test:

- Student must complete testing on the incorrect test.
- Do not stop student or open another test for this student until student completes and submits the current test.

Student unable to log in:

- Verify student is in TIDE and correct grade level (grades 3–8).
- Verify student is using correct legal first name and correct SSID #.
- If EOC testing, verify student has correct EOC eligibility in TIDE.
- Student does not have a Special Paper Version Accommodation.

Section 1. Overview of the AzMERIT Test Administration

AzMERIT measures students' knowledge in the content areas of English language arts (ELA) and Mathematics in Grades 3–8 and High School. Each AzMERIT test is aligned to Arizona's College and Career Ready Standards (AZCCRS). AzMERIT is available as a computer-based test or as a paper-based test.

American Institutes for Research (AIR) is the test vendor for AzMERIT and the provider of the online testing platform. AIR has subcontracted with Measurement Incorporated (MI) for the paper assessments. Measurement Incorporated will be handling the printing, shipping, and processing for all paper test materials.

Each District Superintendent or Charter Representative must designate an Achievement Testing District Test Coordinator to oversee AzMERIT testing for all schools within the district or under the same charter. The District Test Coordinator may delegate some responsibilities to a School Test Coordinator. The District or School Test Coordinator will be referred to as the Test Coordinator in this manual. However, the District Test Coordinator is ultimately responsible for ensuring the appropriate and correct administration of AzMERIT in all schools within the district or under the same charter.

AzMERIT tests are administered to students by Test Administrators. This document provides directions for the administration of the AzMERIT Grades 3–8 tests.

This document is divided into three main sections:

1. Overview of the AzMERIT Test Administration
2. Computer-Based Testing (CBT) Scripted Directions for AzMERIT Grades 3–8
3. Paper-Based Testing (PBT) Scripted Directions for AzMERIT Grades 3–8 (including Special Accommodated Paper Version tests, for which student responses will be entered into the Data Entry Interface (DEI)).

Test Administrators and Proctors

Test Administrators must be employees of the school/district/charter. Proctors, who must also be employees of the school/district/charter, may be assigned to assist Test Administrators. AzMERIT Test Administrators and Proctors must be trained in proper test security and test administration procedures, must sign a test security agreement, must be thoroughly familiar with this document, and must follow the test administration procedures in this document, including following the scripted directions.

Test Administrator Responsibilities

Responsibilities of the Test Administrator include:

- Participating in training activities scheduled by the Test Coordinator;
- Signing and returning to the Test Coordinator the *AzMERIT Test Security Agreement*;
- Reviewing this document in advance of the testing dates;
- Adhering to test administration security procedures;
- Following the Test Administration Directions exactly as stated in this document;
- Reading aloud to the students the scripted directions exactly as stated in this document; and
- Requesting guidance from the Test Coordinator when unusual circumstances arise or when uncertain about proper procedures.

Additional responsibilities for Test Administrators at CBT schools include:

- Completing the annual Test Administrator Certification Course available on the “Test Coordinators” page of the AzMERIT Portal;
- Confirming student accommodations or test settings in TIDE; and
- Approving AzMERIT testing access to the appropriate students only.

Additional responsibilities for Test Administrators at PBT schools include:

- Receiving test materials from the Test Coordinator;
- Verifying the quantities of test materials received;
- Distributing and collecting all test materials on testing days;
- Completing the accommodations information on the back of the AzMERIT test booklets for all students receiving accommodations; and
- Returning all test materials to the Test Coordinator.

Students to be Tested

Arizona public school students in grades 3–8 will participate in testing. All students enrolled in grades 3–8 will take English language arts and math tests at the grade level in which they are enrolled, unless the student is enrolled in a high school level course. Students enrolled in a high school course are not required to take a grade level test in addition to an End-of-Course (EOC) test. For example, a Grade 8 student taking high school level Algebra I would take the Algebra I EOC test and the Grade 8 ELA test, but would not take the Grade 8 Math test.

Students with significant cognitive disabilities whose current Individualized Education Program (IEP) designates them as eligible for an alternate assessment are excluded from AzMERIT.

Test Administration Schedule

The Test Coordinator is responsible for communicating the specific testing schedule to Test Administrators, Proctors, students, and parents/guardians. That testing schedule must comply with the updated guidance below.

For both computer-based and paper-based testing:

- Writing test session must be administered first.
- Reading (2 parts) and Math (2 parts) test sessions can be administered in any order.
- Testing days do not have to be consecutive days.
- When two test sessions are scheduled on the same day, there must be a break between sessions.
- AzMERIT is untimed. A test session must be completed by the end of the school day.

For computer-based testing, students taking the same test within the same school are **not** required to test on the same day. For paper-based testing, students taking the same test within the same school must test on the same day.

Administering AzMERIT tests on dates other than those shown without the written permission of the Assessment Section of the ADE is a serious testing violation.

| Math (2 test sessions) | Math, Part 1 Math, Part 2 | 60–85 minutes 60–85 minutes |
| Five test sessions that must be administered for Grades 3–8. *ELA Writing must be administered first. ELA Reading (2 parts) and Math (2 parts) can be administered in any order. Test sessions can be administered on separate days or two sessions can be administered on the same day. | | |

Test Materials

Each AzMERIT testing room should have a “Testing—Do Not Disturb” sign on its door. Each AzMERIT Test Administrator must have an electronic or paper copy of this manual, *Spring 2017 AzMERIT Test Administration Directions Grades 3–8*. Proctors may also have an electronic or paper copy of this manual. Test Administrators in CBT schools must also have access to the *Test Administrator User Guide*, which can be found on the AzMERIT Portal (azmeritportal.org/resources).

All schools must provide scratch paper (plain, lined, or graph), pencils, and erasers for all students participating in CBT or PBT AzMERIT testing. Scratch paper is required for both the ELA Writing and Math tests. **Scratch paper is prohibited for ELA Reading.**

Students at CBT schools are provided all other tools and resources needed for AzMERIT testing within the AzMERIT testing platform. It is expected that all students take the Sample Test to familiarize themselves with the testing tools, resources, and platform prior to the day of testing, which can be found on the AzMERIT Portal.

AzMERIT has no answer documents. Students at PBT schools will receive a scorable AzMERIT test booklet and a Pre-ID label for each applicable AzMERIT test.

PBT schools must provide commercially published paper dictionaries and commercially published paper thesauruses for use on ELA Writing **only**. Several copies of each of these items must be available in each testing room. PBT schools must also provide an appropriate calculator for every student participating in an AzMERIT Grade 7 Math Part 1 or Grade 8 Math Part 1 test. It is expected that students are familiar with the item types and responses described in the *Guide to the Sample Test* document found on the AzMERIT Portal. No other resources may be provided to students for PBT testing.

AzMERIT Calculator Policy

Calculators are permitted on AzMERIT Grades 7 and 8 Math Part 1 tests. On tests where calculators are permitted, it is ideal for a student to use the recommended acceptable calculator. If the recommended calculator is not available, students may use a calculator with less functionality.

AzMERIT Calculators

| Test/Grade | Calculator Policy |
|-----------------|---|
| Math Grades 3–6 | No calculators permitted. |
| Math Grades 7–8 | <p>Scientific calculators permitted on Math Part 1 only. No calculators permitted on Math Part 2.</p> <p>Scientific Calculator should include these functions: Standard four functions (addition, subtraction, multiplication, division), decimal, change sign (+/–), parentheses, square root, and π.</p> <p>The calculator may NOT include: Any problem solving or programing capabilities, place values, and inequalities.</p> <p>Sample acceptable calculator: TI-30X IIS or similar.</p> |

Additional Calculator Guidance

- The online calculators available for the computer-based assessment are available for practice use by looking in the Key Documents at azmeritportal.org/students-and-families.
- No laptop, tablet, or phone-based calculators are allowed to be used during the AzMERIT assessment unless they are used to access the AzMERIT Secure Browser.

The applicable portion of the computer-based assessment will include the acceptable online version of an approved calculator. Providing handheld calculators is not a requirement for schools choosing the computer-based assessment. However, students may use an acceptable handheld calculator in addition to, or instead of, the online calculator.

Students are not allowed to share calculators during a testing session.

Test Security

All Test Administrators and Proctors must be trained in proper test security procedures, must sign a test security agreement, and must adhere to test security procedures.

It is unethical and shall be viewed as a violation of test security for any person to:

- Capture images of any part of the test via any electronic device;
- Duplicate in any way any part of the test;
- Examine, read, or review the content of any portion of the test;

- Disclose or allow to be disclosed the content of any portion of the test before, during, or after test administration;
- Discuss any AzMERIT test item before, during, or after test administration;
- Allow students access to any test content prior to testing;
- Provide any reference sheets to students during the Math test administration;
- Allow students to share information during test administration;
- Allow students to use scratch paper during the ELA Reading test;
- Read any parts of the test to students except as indicated in the Test Administration Directions or as part of an accommodation;
- Influence students' responses by making any kind of gestures (for example, pointing to items, holding up fingers to signify item numbers or answer options) while students are taking the test;
- Instruct students to go back and reread/redo responses after they have finished their test since this instruction may only be given before the students take the test;
- Review students' responses;
- Read or review students' scratch paper; or
- Participate in, direct, aid, counsel, assist in, encourage, or fail to report any violations of these test administration security procedures.

Additional security violations for PBT testing include the following:

- Reading or reviewing any test booklet during or after testing;
- Changing any student's response in the test booklet;
- Erasing any student's response in the test booklet;
- Erasing any stray marks in the test booklet; or
- Failing to return all test booklets and other test materials.

Test Administrators and Proctors may **not** assist students in answering questions. Test Administrators and Proctors may **not** translate, reword, or explain any test content. No test content may ever be discussed before, during, or after test administration.

Use of Unacceptable Resources

Students are not permitted to use resources on AzMERIT tests that are not specifically identified in this manual or in the document *Testing Conditions, Tools, and Accommodations Guidance for School Year 2016–2017*. The use of unacceptable resources during AzMERIT testing is a test security violation and may result in the student's test being invalidated.

Test Administrators and Proctors should monitor students while testing. If students are observed using unacceptable resources, including but not limited to, unacceptable reference materials, cell phones, or other electronic devices, the unacceptable resource must be removed and your Test Coordinator must be contacted as soon as possible. Allow the student to continue testing once the unacceptable resource has been removed.

Personal electronic devices, including but not limited to cell phones, smart watches, and other electronic devices, are the single largest source of test security violations. As such, students are not permitted to have access to any personal electronic devices during AzMERIT testing. Test Administrators should ask

students to place all personal electronic devices in their backpacks and move their backpacks out of reach prior to starting AzMERIT testing.

Testing Conditions, Tools, and Accommodations

All AzMERIT Test Administrators are expected to read and follow the guidance in the document *Testing Conditions, Tools, and Accommodations Guidance for School Year 2016–2017* posted on the ADE website at www.azed.gov/AzMERIT.

Universal Test Administration Conditions are specific testing situations and conditions that may be offered to any student in order to provide a comfortable and distraction-free testing environment. Computer-based testing tools are available to all students participating in computer-based testing. Subject-area tools are available to all students on certain portions of AzMERIT, both computer-based and paper-based. Certain accommodations are available to students with an injury, English language learner students, and students with a disability. Accommodations are provisions made in how a student accesses the test and/or demonstrates learning that do not alter the validity of the test, score interpretation, reliability, or security of the test. Some students will receive field test items with an additional glossary tool. For more information on this tool, refer to the Test Administrator User Guide.

Providing unacceptable accommodations to students who may receive accommodations, providing accommodations to students who may not receive them, or failing to indicate that accommodations were provided are test administration errors. Test Administrators must know which students testing are eligible to receive accommodations and which accommodations are appropriate for each eligible student. Test Administrators must provide appropriate accommodations for eligible students and indicate which accommodations were provided to students per directions later in this manual.

Test Administrators Using the Data Entry Interface

The Data Entry Interface (DEI) must be used to transfer all responses for students using an Accommodated Special Paper Version of AzMERIT. This includes the writing response, multiple choice responses, and extended or open-ended responses produced by students using the Special Paper Version tests. Student responses must be transferred into a computer-based test using the Data Entry Interface. Student responses not transferred into DEI will not be scored. No student responses in the Special Paper Version test booklets will be scored. The DEI can be accessed on the AzMERIT Portal (<http://azmeritportal.org>).

Before AzMERIT Administration

The location for testing must be determined prior to testing. AzMERIT tests are to be administered at Arizona schools. AzMERIT tests may be administered in a home or hospital setting for a single student. AzMERIT tests cannot be administered outside the state of Arizona.

Preparing the Room

For both CBT and PBT, the testing room should be prepared for the test administration prior to the testing date. Good lighting, ventilation, and freedom from distracting noises and interruptions are important for student performance. Visual aids displayed in the testing room that could assist students while testing must be removed or covered completely. Arrange student seating so that students cannot easily see the computer screens or test booklets of others and so that the Test Administrator(s) and Proctor(s) can walk by each student. Students' desks and tables should be cleared of backpacks and unnecessary materials prior to the beginning of the test session.

Preparing for Computer-Based Testing

Test Administrators should ensure the following:

- They have a copy of the AzMERIT Test Administration Directions and are familiar with testing procedures.
- They have a copy of the *AzMERIT Test Administrator (TA) User Guide*.
- They have an appropriate user role in the Test Information Distribution Engine (TIDE) provided by the Test Coordinator.
- They have completed and passed the Test Administrator Certification Course in TIDE.
- All testing devices (and headphones, keyboards, mice) are in working order.
- AzMERIT Secure Browser has been downloaded and installed on all devices.

AzMERIT Secure Browser Icon

Before students arrive to take an AzMERIT CBT, the Test Administrator should close all programs on each testing device, then launch the secure browser by clicking the AzMERIT Secure Browser icon.

Each device being used must have the required headphone, keyboard, and mouse that will be needed for testing.

The student sign-in screen should be showing when students enter the room to take the test. In the event of technical difficulties with the secure browser, contact your Test Coordinator.

Test Settings and Accommodations

Students who require specific test settings or testing accommodations must have those set before the test session. Those with a TIDE user role of District Test Coordinator, District Administrator, or School Test Coordinator are able to change all test settings and accommodations in TIDE any time prior to testing. Those with a Test Administrator or School Teacher user role will be able to change test settings (except for American Sign Language [ASL] and Closed Captioning) and accommodations in the Test Administrator (TA) Interface prior to approving the student for a CBT session. Information on how to add and update accommodations can be found in both the *TIDE* and *Test Administrator (TA) User Guides*.

Testing Tickets

Testing tickets are an optional resource available in TIDE. Testing tickets contain the information that a student will need to sign in to the secure browser in order to test.

The Test Coordinator or the Test Administrator may print testing tickets from TIDE. Please refer to the “Working with Student Information” section of the *TIDE User Guide* for instructions on how to print testing tickets for students. Testing tickets will generate in a PDF and default to display 10 tickets per page. Tickets should be printed and cut in advance of the test session so that testing is not delayed.

Preparing for Paper-Based Testing

Test Administrators should ensure the following:

- They have a copy of the Test Administration Directions.
- They check out test materials from the Test Coordinator at the beginning of each day of testing, including:
 - AzMERIT Test Booklets;
 - Student Pre-ID labels; and
 - Dictionaries, thesauruses, or calculators for appropriate test being administered.
- Student Pre-ID labels are to be affixed to test booklets **before** testing.
 - If the Student Pre-ID labels were not affixed to test booklets before being provided to the Test Administrator, the Test Administrator must affix the Student Pre-ID labels to the test booklets before passing out the test booklets to students.
 - If any student expected to test on AzMERIT is missing a Student Pre-ID label or the label is incorrect, contact the Test Coordinator immediately to obtain the necessary Student Pre-ID label before administering the AzMERIT test.
 - Students should **not** be permitted to test without a Pre-ID label or with an incorrect label.

- AzMERIT test booklets are secure documents. While in the possession of the Test Coordinator and Test Administrator, test booklets must be kept in secure, locked storage except during actual test administration times.
- Test Administrators will return all test materials to the Test Coordinator at the end of each day of testing.

During AzMERIT Administration

AzMERIT is a standardized test. The Test Administrator must follow the directions exactly as stated in Sections 2 and 3 of this document. The scripted directions are formatted to guide the Test Administrator through either the computer-based or paper-based test administration of each content area and to help ensure proper testing procedures. Please review the directions in advance to become familiar with the scripted text and testing procedures. Read aloud to students only what is marked with a “SAY” and printed in the boxes.

Breaks During Test Session

- Individual students are allowed to use the restroom.
- Stretch breaks are allowed on an individual student basis, as needed. Students may not talk, use their cell phones, or leave the room during their stretch break.
- Group or class stretch breaks are not allowed. Students cannot be stopped from testing by the Test Administrator for a stretch break.
- Significant breaks (individual or group) are not allowed. Once a class leaves the testing room, the test session will be over. This would exclude any emergency or other unusual situation that occurs during testing.

CBT Administration

The Test Administrator needs a device (computer, tablet, or smart phone) to manage the CBT session. Test Administrator directions for administering a computer-based test are outlined in the *AzMERIT Test Administrator (TA) User Guide* found on the AzMERIT Portal (azmeritportal.org/resources).

Additional Guidance During CBT Testing

The following are the common issues that arise during the testing and how to resolve the issue.

- **Student unable to log in** – Student must type his or name and SAIS # (SSID) exactly as listed in TIDE. Student must have appropriate test eligibility in TIDE.
- **Student in “Pause” status** – Student must log back into TDS on the same day and Test Administrator must approve the student for testing. If student shows “Pause” status at the end of the day, the test will be automatically submitted. Student cannot go back and complete testing on another test day.
- **Student in “Submitted” status** – Student has completed the test session.
- **Student in “Reported” status** – Student has completed the test session.
- **Test Administrator approved student for the wrong test** – (example: Reading Part 2 instead of Reading Part 1). Once a student has been approved to test and the student starts testing, the student **must continue** to test in that test session. Test session must be completed the day the student starts to test.
- **“Student not eligible to test”** – Test session not opened for an approved test that the student is eligible to take, or the test session has been closed.
- **Test session closed** – Due to the Test Administrator closing the test session, the Test Administrator losing connectivity, or the test session expiring. Test Administrator must reopen a new test session. Any student in “Pause” status must log back in and continue to test.

For any issues that prevent students from continuing to test, the Test Administrator must notify the District Test Coordinator on the same day. All test improprieties must be submitted by the District Test Coordinator on the day of the occurrence.

PBT Administration Precautions

- Do not allow students to use ink, colored pens/pencils, markers, or highlighters in their scorable test booklets. Students can use a No. 2 pencil for annotations or underlining.
- Do not allow students to use correction fluid on the scorable test booklets.
- Do not allow students to make any marks near the timing marks on the edges of the scorable test booklets.
- Do not allow students to use extra paper or ink to write their ELA Writing test responses. Only responses that are written in pencil on the pages designated “Final Copy” will be scored.
- Do not use “sticky” notes, paperclips, tape, staples, or glue on the scorable test booklets.
- Do not insert loose papers into the scorable test booklets.
- Do not tape or glue additional paper into the scorable test booklets.
- Do not photocopy the test booklets.
- Do not disassemble or pull pages from the test booklet.
- Do not erase any stray marks, duplicate responses, or any other student-created response from a student test booklet.

Monitoring Testing

During the administration of AzMERIT, Test Administrators and Proctors must supervise the testing room at all times. Test Administrators and Proctors should move continuously about the room in an unobtrusive manner to ensure that students are using only appropriate testing materials and resources and to check that students are progressing through the test. Students should be allowed to work at their own pace.

Test Administrators and Proctors may answer student questions about test directions. Test Administrators and Proctors may not answer student questions about test content.

Disruptive Students

Students who disrupt testing, refuse to participate, receive help from others, or otherwise engage in behavior not consistent with acceptable classroom behavior should be removed from the testing room as soon as possible to allow other students to continue to test undisturbed. Whenever possible, the disruptive student should be allowed to continue testing in a different location and be subject to the disciplinary procedures established by the school for such occurrences after completion of testing. If the student is believed to have participated in cheating, contact your Test Coordinator for guidance. The Arizona Department of Education recommends that the student’s parents or guardians receive written notification of the disruption incident and its consequences.

Students Who Leave the Room During Testing

Students should remain in the testing room during the entire scheduled test session. However, students may be allowed to go to the restroom, if necessary, during testing. Only one student may leave at a time.

- *For CBT testing:* The student must pause his or her test before leaving the room. The student will be required to sign in to his or her test when he or she returns to the room, and the Test Administrator will need to approve the student again.
- *For PBT testing:* The student’s test materials must be collected by the Test Administrator before the student leaves the room and then given back to the student upon returning to the room.

Students Who Leave School During Testing

Students who need to leave school before completing a particular test session of AzMERIT, including those students who leave due to illness, are ineligible to continue the test for that test session. The Test Administrator should inform the student that he or she will **not** be permitted to finish that session when the student returns to school.

- *For CBT testing:* The student must submit his or her test before leaving the room. If student is unable to submit the test, the Test Administrator may pause the test for that student and the test will automatically be submitted for scoring at the end of the testing day.
- *For PBT testing:* Collect the student's test booklet and dismiss the student from the testing room. The student's test booklet is to be returned to the Test Coordinator at the end of the testing day with the other test materials.

If the student returns to school during the testing window, he or she may continue testing on any test session(s) that had not yet been started.

After AzMERIT Testing

Students Who Need Additional Test Time

Most students should have time to finish the test during the allotted time. Students who require additional time must be allowed to complete the test. Follow the procedures established by your Test Coordinator for those students who need additional time to complete the test. Students cannot leave for a break until their test session is complete; however, students can have lunch brought to them, if necessary.

For CBT testing:

- If a student continues working on the current computer, he or she can continue to test.
- If a student must be moved to another computer or room, he or she must pause his or her test session before moving to another computer or room. The student must sign in to his or her test within 20 minutes. Test Administrator may have to start a new test session.

For PBT testing:

- If a student will continue testing in another test setting, the test booklet must be collected by the test administrator and the student must be escorted by an adult to the new location.

Ending CBT Testing

When a student has finished testing, Test Administrators should verify that the student has submitted his or her test and then collect any scratch paper. Test Administrators can verify that a test has been submitted by checking the Student Status column in the Test Administrator (TA) Interface for a status of "Submitted." Refer to the *Test Administrator User Guide* for more details on the statuses that appear in the TA Interface.

Once a student has submitted his or her test and returned any scratch paper, he or she may read or do classwork silently while waiting for the scheduled test session to end. Students may not use the computer or have access to their cell phones or other electronic devices until the end of the test session.

Follow the directions of your Test Coordinator regarding the return or secure disposal of all used scratch paper. Follow the directions of your Test Coordinator regarding the return or disposal of this manual.

Marking Non-Embedded Test Accommodations

For students who received non-embedded accommodations that were not previously indicated, the Test Administrator who witnessed the use of the testing accommodations(s) or who actually provided the testing accommodation(s) must provide this information to the School Test Coordinator to update in TIDE.

Ending PBT Testing

When a student has finished testing, Test Administrators should collect the student's test booklet and any scratch paper. Confirm that the student's handwritten name is on the test booklet cover and matches the name on the Student Pre-ID label. Once a student has returned his or her test booklet and any scratch paper, he or she may read or do classwork silently while waiting for the scheduled test session to end.

Students may not have access to their cell phones or other electronic devices until the end of the test session.

Once the student has completed testing and turned in their test booklet, no student or adult can go back and review, change, or correct the test booklets for any reason. This includes checking for missing responses, duplicate responses, stray marks, etc. All test booklets will be returned for scoring as completed by the student.

Marking Testing Accommodations

For students who received testing accommodations, the Test Administrator or Proctor who witnessed the use of the testing accommodation(s) or who actually provided the testing accommodation(s) must mark the accommodation(s) used in Box 1 on the back of the student's test booklet. Mark the appropriate bubble using a No. 2 pencil for every accommodation the student used for that particular AzMERIT test.

Braille, Large Print, or Accommodated Regular Print

All students who tested using a Special Paper Version (Braille and Large Print) or students at CBT schools who used an accommodated regular print version of the test booklet must have their responses **transferred to the Data Entry Interface** following the procedures in the relevant *Special Paper Version Test Administration Directions*.

Returning Test Materials to the Test Coordinator

All AzMERIT test booklets are to be returned to the Test Coordinator at the end of each testing day. Test Administrators should arrange the test booklets facing up. Paperclips or rubber bands must not be used to bind these materials as this may damage their edges.

All scratch paper is to be securely destroyed based on district/charter guidance.

Section 2. Computer-Based Testing (CBT) Scripted Directions for AzMERIT Grades 3–8

Materials required to administrator CBT Grades 3–8 tests:

- *Test Administration Directions Grades 3–8*
- *Test Administrator (TA) User Guide*
 - Starting Sessions
 - Approving Students for Testing
 - Monitoring Student Progress
 - Pausing and/or Stopping a Test Session
- *TIDE User Guide*
 - Viewing and Editing Students
 - Printing Test Tickets
- A “Testing—Do Not Disturb” sign

All CBT Test Administrators must refer to the *Test Administrator (TA) User Guide* found on the AzMERIT Portal (azmeritportal.org/resources) for step-by-step instructions on the various tasks necessary to correctly administer the computer-based test.

The Test Coordinator or the Test Administrator may print testing tickets from TIDE. Please refer to the “Working with Student Information” section of the *TIDE User Guide* for instructions on how to print testing tickets for students. Testing tickets will generate in a PDF and default to display 10 tickets per page. Tickets should be printed and cut in advance of the test session so that testing is not delayed. If testing tickets are used, distribute them at the beginning of the test session.

Secure Browser

Launch the AzMERIT Secure Browser on each device being used for student testing.

On the Test Administrator’s device, click and log in to the “Administer Spring 2017 AzMERIT Test” card on the AzMERIT Portal. This will launch the Test Administrator (TA) Interface. In the TA Interface, open a test session that includes each of the tests you are administering in this session. Write the Session ID clearly on the board or somewhere else where students will be able to see it. Students must enter the Session ID exactly as it is written. (**Note: Session IDs time out after 8 hours. After 8 hours a new test session must be started.**)

Monitor Test Progress

Test Administrators can monitor Students’ Testing Progress in the Test Session. Test Administrators are able to view student progress, verify test settings, and see if a student paused a test.

Special Paper Version Tests

Special Paper Version Test Administration Directions are included in the appropriate Special Paper Version Test Kit (Braille, Large Print, regular print test booklet). *Special Paper Version Test Administration Directions* also include directions for entering student responses into the Data Entry Interface (DEI).

Overview Grade 3–8 ELA and Math Tests

The AzMERIT test consists of 5 test sessions: Writing, Reading Part 1, Reading Part 2, Math Part 1, and Math Part 2.

Writing must be administered first. During the Writing test students may use scratch paper and will have access to the embedded Dictionary and Thesaurus tool.

Scratch paper is **not** allowed in Reading.

Scratch paper is allowed in Math.

No calculators are permitted for Grades 3–6. Students in Grade 7 and 8 will have access to an embedded calculator for Math Part 1. Refer to the *AzMERIT Calculator Policy* on page 4 for guidance on calculators for testing.

First Test Session–ELA Writing Grades 3–8 Test

The AzMERIT ELA Writing test is administered in one test session.

- Launch the AzMERIT Secure Browser on each device being used for student testing.
- Write the Session ID clearly on the board or somewhere else where students will be able to see it.
- Distribute tickets (if using).
- Distribute scratch paper.

Students may use scratch paper to prepare their response, but their response must be typed in the test’s response space. Students will have access to basic formatting tools for their writing, as well as an embedded Dictionary and Thesaurus tool. Students may also have access to an approved commercially published paper version approved dictionary and thesaurus (optional).

| SAY | <p>You will now sign in to the test. On the sign-in screen on your computer, enter your legal first name (not your nickname), your SSID, and the Session ID that I have written on the board. Click “Sign In.”</p> |
|------------|--|

Note: If you provided students with a Test Ticket, the student's legal name and SSID (which is the student's SAIS #) is there for the student's reference.

If a student is unable to sign in, he or she will be prompted to try again or contact the Test Administrator. Be sure that the student has entered his or her legal first name, not a nickname, has entered the correct SSID, and has entered the correct Session ID. The Test Administrator can look up the correct information using the Student Lookup function on the TA Interface.

Test Administrators may assist students with signing in, if necessary.

| | |
|------------|--|
| SAY | Once you have signed in, the screen will display your legal first name, last name, SSID, grade, birth date, and school. If all the information on your screen is correct, select "Yes" to continue. If any of the information is incorrect, please raise your hand, and I will help you. |
|------------|--|

Note: If any student information is incorrect, the student **must not** proceed with testing.

The student should click "No." Student information must be updated in TIDE prior to testing. There can be up to a 24-hour delay between TIDE and the Test Delivery System (TDS) to display the updated student information in the TDS. Once the change has been made in TIDE, the student can continue to test even if the prior information is still showing.

Verify that all students are signed in.

| | |
|------------|--|
| SAY | Now, select the ELA Writing Test and you will see the "Waiting for TA Approval" page. You should wait for your test to be approved. Do not click the "Yes, Start My Test" button until you have been given further instructions. I will approve your tests now. |
|------------|--|

In the TA Interface, you will see an "Approvals" box in the upper right corner that tells you which students have signed in and are waiting for your approval. Students cannot proceed without the approval of the Test Administrator. Once approved, students will be taken to the "Text-to-Speech Check" page.

Verify appropriate accommodations are set before approving students.

You may review and edit student test settings during the approval process. All accommodations and settings can be updated in the TA Interface. To confirm the settings and approve the student for testing, click "Set & Approve." To deny students access to testing, click "Deny" for the student.

Once all students are signed in to the test session, see the "Yes. Start My Test" button, and are approved to begin testing:

| | |
|------------|--|
| SAY | <p>When you are instructed to click the "Yes, Start My Test" button you will be taken to the "Text-to-Speech Check" page.</p> <p>When you are on the "Text-to-Speech Check" page, you will put on your headphones and click the green speaker icon to hear the voice. If the voice is audible, click "Yes, I heard the voice." If the voice is not audible or clear, adjust the settings using the sliders and click the speaker icon again. If you still cannot hear the voice clearly, click "No, I did not hear the voice" and raise your hand.</p> <p>Once you click that button, the "Test Instructions and Help" page will appear. Review this page but do not click the "Begin Test Now" button until you have been given further instructions. Put your headphones on now and click the "Yes, Start My Test" button to begin.</p> |
|------------|--|

Note: All students will see the “Text-to-Speech Check” page since all students have the ability to use Text-to-Speech for the “Test Instructions and Help” page.

Assist any students who are unable to hear the audio.

- Check to make sure the headphones are securely plugged in to the correct jack or USB port.
- If the headphones have a volume control, ensure the volume is not muted.
- Ensure that the audio on the computer is not muted.

If audio issues cannot be resolved, move student to another computer with working audio.

| | |
|------------|---|
| SAY | <p>When you have finished your Writing test, be sure to reread your response and make any necessary edits. When you are satisfied with your final response, click “End Test.” Once you click “End Test” you will have a chance to go back and review your response. If you are satisfied with your response, click the “Submit Test” button. Once you click the “Submit Test” button you will NOT be able to return to your response.</p> <p>You must remain silent until the conclusion of the test session.</p> <p>Are there any questions before we begin?</p> |
|------------|---|

Answer any questions.

Note: Once the student clicks the “Submit Test” button the student’s test opportunity will end and student will not be able to continue to test. Writing tests cannot be reopened once student clicks “Submit Test.”

| | |
|------------|-------------------------|
| SAY | Click “Begin Test Now.” |
|------------|-------------------------|

While students are taking the Writing test, move around the room to make sure students are progressing through the test. Test Administrators may answer student questions about test directions. **Test Administrators may not answer student questions about test content.**

Individual students may take a stretch break during the test as needed. Students may not talk, use their cell phones, or leave the room during the stretch break.

As students are testing, monitor students’ test progress in Your Test Session table. Most students should have had enough time to finish the test during the allotted time.

As each student finishes the test, collect the student’s scratch paper. Do not allow students to use electronic devices, including cell phones, until after all materials have been collected from each student testing and all students are signed out of the test session.

When the test session ends:

| | |
|------------|--|
| SAY | <p>The test session is now over. If you have not finished testing, you will be allowed to continue working, but click “Pause your test” at this time.</p> <p>If you have already finished testing, reviewed your response, and clicked “End Test” you may click “Submit Test” now.</p> <p>This concludes the test session.</p> |
|------------|--|

At the end of the test session, identify those students who require additional time to complete the test.

Verify that these students have their test in “Pause” status.

Verify that all other students have submitted their test.

Follow the procedures established by your Test Coordinator for students who need additional time to complete the test.

Collect any scratch paper. Follow the directions of your Test Coordinator regarding the return or secure disposal of all used scratch paper.

If all students have completed testing in the test session, click the red “Stop Session” button in the top banner of the Test Administrator (TA) Interface. This will end the test session. Next, click “Log Out” in the upper-right corner of the TA Interface.

ELA Reading Grades 3–8 Test (Parts 1 and 2)

The AzMERIT ELA Reading test is administered in two parts, one test session for each part.

- Launch the AzMERIT Secure Browser on each device being used for student testing.
- Write the Session ID clearly on the board or somewhere else where students will be able to see it.
- Distribute tickets (if using).

The use of scratch paper is prohibited on both of the reading parts.

Students testing may use scratch paper, but the student’s response must be recorded on the computer. While there is a calculator provided online for computer-based testing, students may use a physical handheld calculator. If handheld calculators are being used, make sure that they have been appropriately configured for testing as specified in the AzMERIT Calculator Policy. Refer to the **AzMERIT Calculator Policy** for guidance on calculators for testing.

Computer-Based Testing Scripted Directions for Math (Part 1 or 2)

| | |
|------------|---|
| SAY | <p>Today, you will be taking Math test [Part 1 or 2], a portion of Arizona’s Statewide Achievement Assessment, AzMERIT.</p> <p>Talking during the test is not allowed, and you may not discuss the questions or your answers after the test. Keep your eyes on your own computer. Approved calculators are allowed during the test. All other personal electronic devices including but not limited to cell phones, smart watches, or any other electronic devices are not permitted during the entire test session. Any student who has any prohibited personal electronic device in his or her possession during this test session may have his or her Math test invalidated. If you have a question or need help during the test, raise your hand, and I will come to you. Remember that you have a “Help” button on your screen during testing that shows you how to use some of the testing features.</p> <p>You may use scratch paper but you need to record your answer on the computer.</p> <p>The Math test is not a timed test. If you have not completed this part of the test at the conclusion of the test session, you will be allowed to continue working. However, you must complete this part of the test by the end of today’s school day.</p> <p>Are there any questions?</p> |
|------------|---|

Answer any questions.

| | |
|------------|--|
| SAY | <p>You will now sign in to the test. On the sign-in screen on your computer, enter your legal first name (not your nickname), your SSID, and the Session ID I have written on the board.</p> <p>Click “Sign In.”</p> |
|------------|--|

Note: If you provided students with a Test Ticket, the student’s legal name and SSID (which is the student’s SAIS #) is there for the student’s reference.

If a student is unable to sign in, he or she will be prompted to try again or contact the Test Administrator. Be sure that the student has entered his or her legal first name, not a nickname, has entered the correct SSID, and has entered the correct Session ID. The Test Administrator can look up the correct information using the Student Lookup function on the TA Interface.

Test Administrators may assist students with signing in, if necessary.

| | |
|------------|--|
| SAY | Once you have signed in, the screen will display your legal first name, last name, SSID, grade, birth date, and school. If all the information on your screen is correct, select “Yes” to continue. If any of the information is incorrect, please raise your hand, and I will help you. |
|------------|--|

Note: If any student information is incorrect, the student **must not** proceed with testing.

The student should click “No.” Student information must be updated in TIDE prior to testing. There can be up to a 24-hour delay between TIDE and the Test Delivery System (TDS) to display the updated student information in the TDS. Once the change has been made in TIDE, the student can continue to test even if the prior information is still showing.

Verify that all students are signed in.

| | |
|------------|---|
| SAY | Now, select the Math test (Part 1 or Part 2) you will be taking today and you will see the “Waiting for TA Approval” page. You should wait for your test to be approved. Do not click the “Yes, Start My Test” button until you have been given further instructions. I will approve your tests now. |
|------------|---|

In the TA Interface, you will see an “Approvals” box in the upper right corner that tells you which students have signed in and are waiting for your approval. Students cannot proceed without the approval of the Test Administrator. Once approved, students will be taken to the “Text-to-Speech Check” page.

Verify appropriate accommodations are set before approving students.

You may review and edit student test settings during the approval process. All accommodations and settings can be updated in the TA Interface. To confirm the settings and approve the student for testing, click “Set & Approve.” To deny students access to testing, click “Deny” for the student.

Once all students are signed in to the test session and approved to begin testing:

| | |
|------------|--|
| SAY | <p>When you are instructed to click the “Yes, Start My Test” button you will be taken to the “Text-to-Speech Check” page.</p> <p>When you are on the “Text-to-Speech Check” page, you will put on your headphones and click the green speaker icon to hear the voice. If the voice is audible, click “Yes, I heard the voice.” If the voice is not audible or clear, adjust the settings using the sliders and click the speaker icon again. If you still cannot hear the voice clearly, click “No, I did not hear the voice” and raise your hand.</p> <p>Once you click that button, the “Test Instructions and Help” page will appear. Review this page but do not click the “Begin Test Now” button until you have been given further instructions. Put your headphones on now and click the “Yes, Start My Test” button to begin.</p> |
|------------|--|

Note: All students will see the “Text-to-Speech Check” page since all students have the ability to use Text-to-Speech for the “Test Instructions and Help” page.

Assist any students who are unable to hear the audio.

- Check to make sure the headphones are securely plugged in to the correct jack or USB port.
- If the headphones have a volume control, ensure the volume is not muted.
- Ensure that the audio on the computer is not muted.

If audio issues cannot be resolved, move student to another computer with working audio.

| | |
|------------|--|
| SAY | <p>When you have finished your Math test, click “End Test.” Once you click “End Test” you will have a chance to go back and review your answers. If you are satisfied with your answers click the “Submit Test” button. Once you click the “Submit Test” button you will NOT be able to return to your response.</p> <p>You must remain silent until the conclusion of the test session.</p> <p>Are there any questions before we begin?</p> |
|------------|--|

Answer any questions.

Note: Once the student clicks the “Submit Test” button the student’s test opportunity will end and student will not be able to continue to test. The Math test cannot be reopened once student clicks “Submit Test.”

| | |
|------------|-------------------------|
| SAY | Click “Begin Test Now.” |
|------------|-------------------------|

While students are taking the Math test, move around the room to make sure students are progressing through the test. Test Administrators may answer student questions about test directions. **Test Administrators may not answer student questions about test content.**

Individual students may take a stretch break during the test as needed. Students may not talk, use their cell phones, or leave the room during the stretch break.

As students are testing, monitor students’ test progress in Your Test Session table. Most students should have had enough time to finish the test during the allotted time.

As each student finishes the test, collect the student’s scratch paper. Do not allow students to use electronic devices, including cell phones, until after all materials have been collected from each student testing and all students are signed out of the test session.

When the test session ends:

| | |
|------------|---|
| SAY | <p>The test session is now over. If you have not finished testing, click “Pause your test” at this time. If you have finished testing, reviewed your answers, and clicked “End Test” you may click “Submit Test” now.</p> <p>This concludes the test session.</p> |
|------------|---|

At the end of the test session, identify those students who require additional time to complete the test. Verify that these students have their test in “Pause” status.

Verify that all other students have submitted their test.

Follow the procedures established by your Test Coordinator for students who need additional time to complete the test.

Collect any scratch paper. Follow the directions of your Test Coordinator regarding the return or secure disposal of all used scratch paper.

If all students have completed testing in the test session, click the red “Stop” button in the top banner of the TA Interface. This will end the test session. Next, click “Log Out” in the upper-right corner of the TA Interface.

Section 3. Paper-Based Testing (PBT) Scripted Directions for AzMERIT Grades 3–8

Materials required to administrator PBT Grades 3–8 tests:

- *Test Administration Directions Grades 3–8*
- *TIDE User Guide (optional)*
 - Printing Pre-ID Labels
- A “Testing—Do Not Disturb” sign.

Student Pre-ID labels must be affixed to test booklets **before** testing. If any student expected to test on AzMERIT is missing a Student Pre-ID label, contact the Test Coordinator immediately to obtain the necessary Student Pre-ID label before administering the AzMERIT test. Students should **not** be permitted to test without a Pre-ID label or with an incorrect label.

Before the test session begins, write the teacher name, school name, and district name clearly on the board or somewhere else where students will be able to see it.

Special Paper Version Tests

Special Paper Version Test Administration Directions are included in the appropriate Special Paper Version Test Kit (Braille and Large Print). *Special Paper Version Test Administration Directions* also include directions for entering student responses into the Data Entry Interface (DEI).

Overview Grades 3–8 ELA and Math Tests

The AzMERIT test consists of 5 test sessions: Writing, Reading Part 1, Reading Part 2, Math Part 1, and Math Part 2.

Writing test must be administered first. During the Writing test students may use scratch paper. Commercially published paper dictionaries and commercially published paper thesauruses must be available for student use.

Scratch paper is **NOT** allowed in Reading.

Scratch paper is allowed in Math.

No calculators are permitted for Grades 3–6. Students in Grade 7 and 8 are permitted scientific calculators for Math Part 1 only. Refer to the *AzMERIT Calculator Policy* on page 4 for guidance on calculators for testing.

First Testing Session–ELA Writing Grades 3–8 Test

The AzMERIT ELA Writing test is administered in one test session.

- Student must have correct Pre-ID label affixed to test booklet.
- Before the test session begins, write the teacher name, school name, and district name clearly on the board or somewhere else where students will be able to see it.
- Students will need access to an approved dictionary and thesaurus for the writing test.
- Distribute the scratch paper and test booklets with Pre-ID labels to students.

Do not allow students to use ink, colored pens/pencils, markers, or highlighters in their scorable test booklets. Students may use a No. 2 pencil for any annotation or underlining.

SAY Today’s Math test contains several types of math problems. You will mark your answers in the test booklet in the designated area for each question.

Before you test, please remember the following:

- Use a No. 2 pencil for your answers.
- You may write in your test booklet, but do not write or mark near the bubbles where you will fill in your answers.
- Do not use ink, colored pens/pencils, markers, or highlighters in your scorable test booklets. You can use your No. 2 pencil for any annotations or underlining.
- Do not write in the margins.
- If you want to change an answer, completely erase the mark you made before making a new mark.

The Math test has two parts. We will begin with Part 1. When you finish Part 1, you will see the stop sign. Do not go beyond the stop sign.

After you test, please remember the following:

- Every question in this part of the test booklet has been answered.
- For answers with bubbles, the bubbles are filled in completely using a No. 2 pencil.
- All other bubbles are empty and all stray marks have been erased.

You may not go back to any other part of this test booklet at any time.

SAY Open your test booklet to page 3.

Make sure all students have turned to the correct page.

SAY We will begin by doing two sample questions. You will mark your answers in your test booklet. Read Sample A in your test booklet. Then fill in the bubble for the answer you choose. When you have finished Sample A, stop working.

Give students time to answer Sample A and then continue.

SAY The correct answer for Sample A is [Grades 3–5: “C”; Grade 6: “A”].
Now read and answer Sample B in your test booklet.
To answer this type of grid-in response question, you must bubble your answer in the grid. You may left or right justify your answer. Blanks are generally ignored. Only the bubbles in the grid are scored. The boxes above the grid are only to assist you with filling out the grid and are not scored. If the answer for an item is a mixed number, leave a space between the whole number and the fraction. When you have finished Sample B, stop working.

Give students time to answer Sample B. Ensure that students are filling in the bubbles in the grid and then continue.

| | |
|------------|---|
| SAY | <p>The correct answer for Sample B is [Grades 3–5: “2/8”; Grade 6: “6.36 [six decimal point three six].” To receive credit you must have filled in the bubbles that correspond to your answer.</p> <p>Be sure to read the directions within each question carefully. Some questions will require you to give your answer in different ways.</p> <p>When you finish, check your work for Part 1 only. Then, close your test booklet and raise your hand. | SAY | Now turn the page and you may begin Part 1 of the Math test. |
|------------|--|

Make sure all students have turned to the correct page in their test booklets. While students are taking Part 1 of the Math test, move around the room to make sure students are progressing through the test.

Individual students may take a stretch break during the test as needed. Students may not talk, use their cell phones, or leave the room during the stretch break.

Most students should have time to finish the test during the allotted test session time.

As each student finishes the test, collect the student’s test booklet and scratch paper.

Do not allow students to use electronic devices, including cell phones, until after all test materials have been collected from the students testing.

When the session ends:

|------------|--|
| SAY | <p>The test session is now over. If you have not finished, you will be allowed to continue working, but please close your test booklet at this time.</p> <p>This concludes the test session.</p> |
|------------|--|

At the end of the test session, identify those students who require additional time to complete Part 1 of the Math test. ***Follow the procedures established by your Test Coordinator for these students who need additional time to complete the test.***

Collect all remaining scratch paper, calculators, and test booklets from the students. Follow the directions of your Test Coordinator regarding the return or secure disposal of all used scratch paper.

All test booklets are secure documents and **must** be accounted for at the end of each test session. Missing test booklets **must** be located **prior** to dismissing students.

All test booklets should be returned immediately to the Test Coordinator. If this is not possible, store all test booklets in **secure, locked storage** until returned to the Test Coordinator. All test booklets must be returned to the Test Coordinator by the end of the school day.

Once the student has completed testing and turned in his or her test booklet, no student or adult can go back and review, change, or correct the test booklets for any reason. This includes checking for missing responses, duplicate responses, stray marks, etc. All test booklets will be returned for scoring as completed by the student.

ELA Reading Grades 3–8 Test Part 2

The AzMERIT ELA Reading test is administered in two parts, one test session for each part.

- Before the test session begins, write the teacher name, school name, and district name clearly on the board or somewhere else where students will be able to see it.
- Distribute test booklets with Pre-ID labels to students.

Do not allow students to use ink, colored pens/pencils, markers, or highlighters in their scorable test booklets. Students may use a No. 2 pencil for any annotation or underlining.

The use of scratch paper is prohibited on both Reading Part 1 and Part 2.
